A

A Clinical evaluation of isotope scanning. Ultrasonography and computed tomography in pancreatic disease 639
A fluoroscopic burn to a patient's right hand sustained in removing a sewing needle – a 25-year follow-up 347
A radiological and pathological correlation of the mucosal changes in ulcerative colitis . 323
A radiological study of vertebral and rib malformations in children with myelomeningocele 427
Abdominal aorta in spina bifida cystica, The . 53
Acute upper gastrointestinal bleeding. The double contrast barium meal in patients with 625
Adenocarcinoma of the pancreas, Osteoblastic bone metastases secondary to 41
Adenocarcinoma of the upper oesophagus, Primary 519
Adult coeliac disease, Transient small bowel intussusception in 529
Adult hepatorenal polycystic disease, Radiology of the gastrointestinal abnormalities seen in patients with 547
Advice to the Royal Commission on the task as they see it 473
Angiographic evaluation of gastrointestinal haemorrhage complicating pancreatic disease 289
Angiography. The use of prostaglandin F2-alpha in selective pancreatic and left gastric . . 285
Arachnoid malformations, CT scanning in middle fossa 161
Arterioportography 255
Ascending phlebography, Local complications of 691
Aspects of occult pulmonary haemorrhage, Radiographic 139
Assessment of the double contrast barium meal: Method and application 313

C

Calcified meconium in the newborn . . 541
Calcium ipodate in the visualisation of the gallbladder and common bile duct, Comparative study of iocetamic acid and 535
Cancer of the cervix, Representative planes of dose distribution for intracavitary radiotherapy of 487

B

Bladder cancer, The role of radiology in the assessment of 479
Bone changes in rhabdomyosarcoma, The radiology of 47
Breast cancer, Prognosis in: The relevance of clinical staging 599
Bronchogenic carcinoma, Symptomatic gastrointestinal metastases secondary to . . . 217
Carcinoma *in situ* of the uterine cervix in the Mersey regional cancer registry area with some comments on incidence, The treatment of 593
Carcinoma of the endometrium, Selection of tumours with a poor prognosis in operable . 17
Carcinoma of the larynx – results of primary radiotherapy 21
Carcinoma of the uterine cavity, Clinical dosimetry of the rectum in catherton applications for treatment of 343
Cardiac apex in Jamaican children, Radiological evaluation of the 119
Cerebral angiography, Sustained tumour opacification in infants during 463
Cervix, Representative planes of dose distribution for intracavitary radiotherapy of cancer of the 487
Chiba needle, Percutaneous aspiration biopsy of malignant lung lesions using the. An initial experience 617
Chiba needle, Percutaneous transhepatic cholangiography with the 101
Cholangiopancreatography in patients with jaundice, The reasons for failure of endoscopic retrograde 201
Cholecystogram, Limitations of the . . 651
Chronic renal failure, The radiological assessment of gastric acid output in 185
Clinical dosimetry of the rectum in catherton applications for treatment of carcinoma of the uterine cavity 343
Clinical staging, The relevance of: Prognosis in breast cancer 599
Clinical trials of radiotherapy in hyperbaric oxygen at Portsmouth, 1964–1976 . . 333
Common bile duct, Comparative study of iocetamic acid and calcium ipodate in the visualisation of the gallbladder and . . . 535
Comparative pelvimetric measurements in Nigerian and Welsh women . . . 85
Comparative study of iocetamic acid and calcium ipodate in the visualisation of the gallbladder and common bile duct . . 535
Comparative trial of large and small fractions in the radiotherapy of head and neck cancer . 611
Computed tomographic scanning in liver disease 251
Computed tomography in pancreatic disease, Ultrasonography and, A clinical evaluation of isotope scanning 639
Computed tomography in the diagnosis of disease of the paranasal sinuses . . . 501
Computerised axial tomography in posterior fossa lesions 233
Computerised tomography in the diagnosis and management of intracranial abscess, The role of 571
Coronary heart disease, Left ventricular contraction in 113
Correlations between duodenal loop size and external body measurements . . . 523
CT scanning in middle fossa arachnoid malformations 161

Page

D

Diffuse pulmonary abnormalities: Clinical correlations 353
Discography and epidurography in patients with a negative or equivocal myelogram, Radiology in low back pain and sciatica. An analysis of the relative efficacy of spinal venography 393
Disodium etidronate, Fibrodysplasia (myositis) ossificans progressiva treated with . . 69
Distant metastases in nasopharyngeal carcinoma 27
Dose distribution for intracavitary radiotherapy of cancer of the cervix, Representative planes of 487
Double contrast barium meal in patients with acute upper gastrointestinal bleeding, The . 625
Duodenal loop size and external body measurements, Correlations between . . . 523
Duodenal loop widening in pancreatic disease . 635
Duodenum occurring as a complication of the treatment of scoliosis (the cast syndrome), Radiological features of vascular compression of the 77
Duplication of the colon 205

E

Echocardiography in suspected infected endocarditis, The role of 381
Endoscopic retrograde cholangiography in primary biliary tract carcinoma 647
Epidermolysis bullosa, Pharyngoesophageal manifestations of 91
Epidurography in patients with a negative or equivocal myelogram, Radiology in low back pain and sciatica. An analysis of the relative efficacy of spinal venography, discography and 393
Epinephrine effect in renal angiography revisited, The 387
Evaluation and follow-up of pancreatic arteriograms. A new role for angiography in the diagnosis of carcinoma of the pancreas . 277
Explanation for its appearance due to rotation, The hypertransradiant hemithorax: The importance of lateral decentring, and the . 125
External body measurements, Correlations between duodenal loop size and 523

F

Failure of endoscopic retrograde cholangiopancreatography in patients with jaundice, The reasons for 201
Fetal mitral valve movement recording by pulsed ultrasound 1
Fibrodysplasia (myositis) ossificans progressiva treated with disodium etidronate . . 69
Fluoroscopically controlled transbronchial biopsy of solitary peripheral pulmonary lesions using the fibreoptic bronchoscope . 621
Fluoroscopic burn to a patient's right hand sustained in removing a sewing needle – a 25-year follow-up, A 347

Page

Fractures of the base of the skull, The soft tissue sign: A new parameter in the diagnosis of the 443
Fulminant hepatic failure: Analysis of serial radiographs from 100 consecutive patients, Pulmonary complications in 363

G

Gallbladder and common bile duct, Comparative study of iocetamic acid and calcium ipodate in the visualisation of the 535
Gastric acid output in chronic renal failure, The radiological assessment of 185
Gastrointestinal abnormalities seen in patients with adult hepatorenal polycystic disease, Radiology of the 547
Gastrointestinal heamorrhage complicating pancreatic disease, Angiographic evaluation of . 289
Gastrointestinal metastases secondary to bronchogenic carcinoma, Symptomatic . . 217
Gastrointestinal tract, Smooth muscle tumours of the upper 407
Gastrointestinal tract tuberculosis: A study of 102 cases including 55 hemicolectomies . 189
Glomus jugulare tumours in south Wales – a twenty-year review 607

H

Haematuria syndrome, Radiology of the loin pain 561
Haemophilia, Widening the radial notch of the ulna: A new articular change in . . . 61
Head and neck cancer, Comparative trial of large and small fractions in the radiotherapy of . 611
Hip prothesis, Technetium $^{99}Tc^{m}$ pyrophosphate scanning in the assessment of the painful 513
Hypertransradiant hemithorax: The importance of lateral decentring, and the explanation for its appearance due to rotation . . . 125
Hypertrophic cardiomyopathy, Unusual chest X-ray appearances in. 9
Hysterographic diagnosis of stromal endometriosis, The. 565

I

Ileosigmoid knot, The Radiology of. . . . 211
Improvements to lateral decubitus views including the use of a wedge filter, The double contrast barium enema: 197
In situ carcinoma of the breast, The relationship between microcalcification and . . . 447
Infants, Suprapubic micturating cystourethography in 309
Infections of the spine and their diagnostic value, The radiological changes in . . 31
Infective endocarditis, The role of echocardiography in suspected 381
Inspiration chest radiography by lateral recumbency 155
Internal mammary lymphoscintigraphy: A rational adjunct to the staging and management of breast carcinoma 453

Page

Intracavitary radiotherapy of cancer of the cervix, Representative planes of dose distribution for 487
Intracranial abscess, The role of computerised tomography in the diagnosis and management of 571
Iocetamic acid and calcium ipodate in the visualisation of the gallbladder and common bile duct, Comparative study of 535
Isolated mesenteric desmoids (mesenteric fibromatosis) 95
Isotope scanning, A clinical evaluation of. Ultrasonography and computed tomography in pancreatic disease 639

L

Large and small fractions in the radiotherapy of of head and neck cancer, Comparative trial of 611
Lateral decentring, and the explanation for its appearance due to rotation, The hypertransradiant hemithorax: The importance of . 125
Lateral decubitus views including the use of a wedge filter, The double contrast barium enema: Improvements to 197
Left gastric angiography, The use of prostaglandin F2-alpha in selective pancreatic and . 285
Left ventricular contraction in coronary heart disease 113
Lethal chrondrodysplasia punctate 679
Limitations of the cholecystogram 651
Liver disease, computed tomographic scanning in 251
Local complications of ascending phlebography . 691
Loin pain – heamaturia syndrome, Radiology of the 561
Lymphography and venography, The investigation of postmastectomy oedema of the arm by 457

M

Malignant lung lesions using the Chiba needle, Percutaneous aspiration biopsy of. An initial experience 617
Management of breast carcinoma, Internal mammary lymphoscintigraphy: a rational adjunct to the staging and 453
Metastases in nasopharyngeal carcinoma, Distant 27
Microcalcification and *in situ* carcinoma of the breast, The relationship between 447
Middle fossa arachnoid malformations, CT scanning in 161
Minor blunt chest trauma, Traumatic lung cysts following 151
Mucosal changes in ulcerative colitis, A radiological and pathological correlations of the . 323
Myelomeningocele, A radiological study of vertebral and rib malformations in children with 427

N

Nasopharyngeal carcinoma, Distant metastases in 27

Page

Necrotising entero-colitis following umbilical vein catheterisation 295
Needle biopsy of pulmonary lesions, Radiology of 133
Newborn, Calcified meconium in the . . 541
Non-screen radiographs, Soft tissue changes in early rheumatoid arthritis as seen on xeroradiography and 585

O

Occult pulmonary haemorrhage, Radiographic aspects of 139
Osteo-articular tuberculosis: Its presentation in coloured Races 669
Osteoblastic bone metastases secondary to adenocarcinoma of the pancreas 41
Osteogenic sarcoma, Prophylactic lung irradiation in the treatment of 493

P

Paget's disease of bone: Some observations on the relation of the skeletal distribution to pathogenesis 421
Pancreatic arteriograms. A new role for angiography in the diagnosis of carcinoma of the pancreas, Evaluation and follow-up of . . 277
Pancreatic disease, Duodenal loop widening in . 635
Pancreatic disease, Ultrasonography and computed tomography in, A clinical evaluation of isotope scanning 639
Paranasal sinuses, Computed tomography in the diagnosis of diseases of the. 501
Pelvimetric measurement in Nigerian and Welsh women, Comparative 85
Percutaneous aspiration biopsy of malignant lung lesions using the Chiba needle. An initial experience 617
Percutaneous lymph node aspirations biopsy: Experience with a new technique . . 329
Percutaneous needle biopsy in the management of solitary lesions of bone 497
Percutaneous transhepatic cholangiography with the Chiba needle 101
Pharyngoesophageal manifestations of epidermolysis bullosa 91
Plain film analysis in sigmoid volvulus . . 553
Plasma cell granuloma of the lung, The radiological appearances of 145
Pleural effusion aspiration with ultrasound . 377
Posterior dislocation of the hip, Radiological aspects of 431
Posterior fossa lesions, Computerised axial tomography in 233
Postmastectomy oedema of the arm by lymphography and venography, The investigation of . 457
Primary adenocarcinoma of the upper oesophagus 519
Primary biliary tract carcinoma, Endoscopic retrograde cholangiography in 647
Primary radiotherapy, Carcinoma of the larynx – results of 21
Prognosis in breast cancer: The relevance of clinical staging 599

Page

Prophylactic lung irradiation in the treatment of osteogenic sarcoma 493
Pulmonary complications in fulminant hepatic failure: Analysis of serial radiographs from 100 consecutive patients 363
Pulmonary lesions, Radiology of needle biopsy of 133
Pulsed ultrasound, Fetal mitral valve movement recording by 1

Q

'Q' fever – a series of 35 cases, The chest film findings in 371

R

Radiographic aspects of occult pulmonary haemorrhage 139
Radiological aspects of posterior dislocation of the hip 431
Radiological evaluation of the cardiac apex in Jamaican children 119
Radiological features of vascular compression of the duodenum occurring as a complication of the treatment of scoliosis (the cast syndrome) 77
Radiology in early slipped femoral capital epiphysis 657
Radiology in low back pain and sciatica. An analysis of the relative efficacy of spinal venography, discography and epidurography in patients with a negative or equivocal myelogram 393
Radiology in the assessment of bladder cancer, The role of 479
Radiology in the diagnosis and management of rhabdomyosarcoma in young persons, The role of diagnostic 53
Radiology of needle biopsy of pulmonary lesions 133
Radiology of the gastrointestinal abnormalities seen in patients with adult hepatorenal polycystic disease 547
Radiology of the loin pain – haematuria syndrome 561
Radiotherapists and cancer education . . 339
Radiotherapy in hyperbaric oxygen at Portsmouth, 1964–1976, Clinical trials of . . 333
Renal angiography revisited, The epinephrine effect in 387
Representative planes of dose distribution for intracavitary radiotherapy of cancer of the cervix 487
Residual pantopaque in renal cysts: An addition to the differential diagnosis of intra-abdominal heavy-metal densities 227
Retrorectal space, The 177
Rhabdomyosarcoma in young persons, The role of diagnostic radiology in the diagnosis and management of 53
Rheumatoid arthritis as seen on xeroradiography and non-screen radiographs, Soft tissue changes in early 585

Page

S

Scanning in the assessment of the painful hip prothesis, Technetium $^{99}Tc^{m}$ pyrophosphate 513
Scoliosis, The phlebographic demonstration of of venous thrombosis occurring during the treatment of 579
Selection of tumours with a poor prognosis in operable carcinoma of the endometrium . 17
Selective pancreatic and left gastric angiography, The use of prostaglandin F2-alpha in . . 285
Serial radiographs from 100 consecutive patients, Pulmonary complications in fulminant hepatic failure: Analysis of . . . 363
Sigmoid volvulus, Plain film analysis in . . 553
Skeletal distribution to pathogenesis, Paget's disease of bone: Some observations on the relation of the 421
Small bowel intussusception in adult coeliac disease, Transient 529
Smooth muscle tumours of the upper gastrointestinal tract 407
Soft tissue changes in early rheumatoid arthritis as seen on xeroradiography and non-screen radiographs 585
Soft tissue radiography of the testes . . 685
Solitary lesions of bone, Percutaneous needle biopsy in the management of . . . 497
Spina bifida cystica, The abdominal aorta in . 63
Spinal venography, discography and epidurography in patients with a negative or equivocal myelogram, Radiology in low back pain and sciatica. An analysis of the relative efficacy of 393
Stromal endometriosis, The hysterographic diagnosis of 565
Suprapubic micturating cystourethrography in infants 309
Sustained tumour opacification in infants during cerebral angiography 463
Symptomatic gastrointestinal metastases secondary to bronchogenic carcinoma 217
Synovial haemangioma, Thermographic assessment of 469
Synovial rupture of the knee joint: Confusion with deep vein thrombosis 417

T

The abdominal aorta in spina bifida cystica . 63
The chest film findings in 'Q' fever – a series of 35 cases 371
The double contrast barium enema: Improvements to lateral decubitus views including the use of a wedge filter 197
The double contrast barium meal in patients with acute upper gastrointestinal bleeding . 625
The epinephrine effect in renal angiography revisited 387
The hypertransradiant hemithorax: The importance of lateral decentring, and the explanation for its appearance due to rotation . 125
The hysterographic diagnosis of stromal endometriosis 565
The investigation of postmastectomy oedema of the arm by lymphography and venography . 457

The Faculty of Radiologists was a society formed in 1939 to encourage the study and improve the practice of radiology. The Faculty of Radiologists became the Royal College of Radiologists in 1975.

Fellowship of the College is a higher radiological qualification obtained by examination. An examination for the Fellowship is conducted twice a year by the Education Board.

Scientific meetings are held during the Academic Year from October to June. Particulars of membership, etc. may be obtained from the Secretary.

Clinical Radiology: The Journal of the Royal College of Radiologists is published six times per year, in January, March, May, July, September and November. *Subscription* to non-members £15.00 ($35.00) a year, including postage, payable in advance. Single copies £3.00 ($7.00). *Binding* cases (cloth with gilt lettering) for all Volumes may be obtained from the Publishers, who will also undertake the binding if required.
